

## From tenant portal to Kodinportaali system

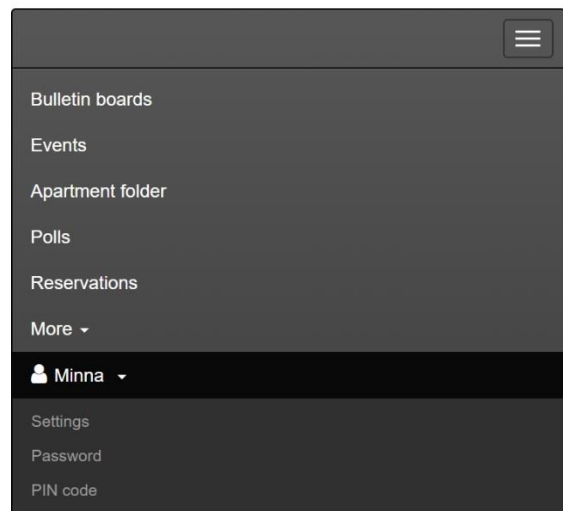

1. Go to tenant portal in [asukassivusto.poas.fi](https://asukassivusto.poas.fi)  
Register to tenant portal by using online banking authentication or personal identification at POAS office.
2. If you have already registered in tenant portal, sign in with your username (email address) and password in [asukassivusto.poas.fi](https://asukassivusto.poas.fi)
3. Access to Kodinportaali system can be found from Housing services

## Defining Kodinportaali PIN code

1. Click PIN code from your personal settings (under your name)
2. Define a 4-digit PIN code
3. With your PIN code, you can log into Kodinportti touchscreen located in the hallway of your building

## KODINPORTAALI

## Change touchscreen PIN Code

You can change your PIN code to the Kodinportti touchscreen.

### Note!

The PIN code has to be four digits long.

The PIN code may not be too simple (e.g. 0000, 1111, etc.)

You can only change your PIN code once a day.

\* New PIN code

\* Confirm PIN code

Save

## Kodinportaali username and password

1. You need Kodinportti's username and password **only** if you wish to use Kodinportti mobile app or log in directly in [kodinportaali.fi](https://www.kodinportaali.fi)
2. Go to Settings in Kodinportaali to see your user information. You can update information if necessary. Username cannot be changed.
3. Sign out from Kodinportaali and click "Have you forgotten your password?"
4. Provide your username or email address (both are not necessary) and click Send
5. The system will send a link to your email for changing your password
