

Guardians consent form

Attachment to the agreement

Living in Pirkan Opiskelija-asunnot apartments is not dormitory type living. Therefore we can not supervise our tenants living. Also we can not provide any special supervision to tenants who are under 18 years old. Living alone requires good life management from a minor. Control is always the responsibility of the guardian and the minor. The guardian must consider this when signing his/hers consent.

Guardians credit history will be checked. Agreement is valid for an indefinite period. When tenant turns 18, agreement and it's obligations will automatically be transferred to him/her.

In a co-leased lease (family and friend contracts), the guardian is responsible for the entire rental of the apartment, such as a tenant.
