

Security deposit form

I, \_\_\_\_\_, hereby confirm that apartment's  
\_\_\_\_\_ security deposit can be:

*(choose an option)*

left on the staying tenant's agreement \_\_\_\_\_

split in half on the both tenant's contract as shared agreement changes to separate shared room agreements.

*I also agree to pay the missing amount if necessary. The amount of security deposit must be at least the sum as if both tenants had payed the security deposits separately for their rooms.*

*(For example: You have payed originally 300 € of security deposit for two room apartment. Security deposit for shared apartments is 200 €. If two tenants would pay their own security deposits the total sum would be 200€ \*2= 400 €. For that reason you need to pay 100 € more security deposit.)*

else, what?

After signing this contract I no longer have right for the security deposit after shared agreement ends.

Regarding the apartment's keys following has been agreed:
